

CABIN ARPITETTAZ / ZINAL

Guarded from mid-June to mid-October

The Cabane Arpitettaz (2'786m) is at the foot of the west face of the Weisshorn, opposite the Blanc de Moming with its glacier. The view of the Moming glacier from the stone terrace in front of the mountain hut is incredible - it is easy to spend hours gazing at its features and dreaming of skiing this maze of ice and snow.

Features

- Type of accomodation: Mountain huts
- Price range: \$ (moderate cost)
