

ECHO2 FESTIVAL

Echo2 Festival will take place in a small corner of paradise in the Swiss Alps from the 1st to the 5th of April, creating an electronic cabaret under the stars, at more than 2200 meters of altitude.

Fairgrounds atmosphere, decoration straight from the 80's, circus performances and a bunch of musical influences, between jazz, disco, HOUSE, techno and electronic music. This first edition claims an eclectic line up on a human scale, respectful of the environment and working with local partners.
