

PUMP ROOM LA LÉ / VERCORIN

In a beautiful setting at the end of the Bisse de Vercorin, a historic irrigation channel in the Vallon de Réchy, this snack bar is a great place to enjoy a fondue or an assiette valaisanne in a relaxed ambiance.

Situated at the foot of a little waterfall at the end of the Bisse de Vercorin, the Buvette de La Lé is an ideal place for a break during a walk in the Vallon de Réchy. Its terrace offers views of the valley's extraordinary landscape and is a good place from which to observe the diverse wildlife.
